Swivel seat with waterfall front in high quality woolly polyester fabric*. Chair features a specially designed lumbar support made of high density PU foam. All chairs have a 5-legged base made from durable polymer with casters or floor glides to choose from. Color available in blue and grey or other color**. The chair is built for usage of individuals up to 150 kgs or 330 pound. These chairs are ideal for single task situations.

Shown with floor glides

*We can supply fire retardant fabric in different grades at extra charge.

**Color chart will be sent upon request.
