

## Foot-Operated Impulse Sealers

**made in Taiwan**

### Foot Type Impulse Sealer

Description: Foot Sealers with a steel plate. casting, are ideal for sealing large heavy bags. By a foot control, the hands feed the machine to be excellent seal.

Model	Voltage	Max. sealing	Dimension	Weight
FS-300	110V/220V	300*2.7/5mm	38*34*88cm	16 KGS
FS-450		450*2.7/5mm	53*34*88cm	18 KGS
FS-600		600*2.7/5mm	68*34*88cm	21KGS
FS-750		750*2.7/5mm	83*34*88cm	22 KGS
FS-900		900*2.7/5mm	98*34*88cm	24KGS

### Round Type Impulse Sealer

Description: This sealer is especially for arc sealing for matching Shrink Tunnel. It makes 0.32 mm of seal width can cut off excess edge of shrink wrap films. Half-circle. It can be used for making dome bags.

Model	Voltage	Max. sealing	Dimension	Weight
FS-200R	110V/220V	25*8 cm	47*34*90cm	20 KGS
FS-300R		34*17cm	51*37*90cm	21 KGS
FS-400R		43*21cm	51*46*90cm	23 KGS
FS-500R		57*17cm	53*62*90cm	25 KGS

### Foot Type Impulse Sealer

Description: Foot Sealer with a alum. casting, is ideal for sealing large heavy bags. By a foot control, the hands hold the bag to feed the machine to be excellent sealing

Model	Voltage	Max. sealing	Dimension	Weight
FS-300	110V/220V	300*2.7/5mm	38*35*90cm	16 KGS
FS-450		450*2.7/5mm	54*35*90cm	18 KGS
FS-600		600*2.7/5mm	68*40*90cm	22 KGS

### Double-sided Sealing Impulse Sealer

Description: foot type double Impulse sealing sealer installs twin elements(top & bottom) for heavier duty applications. It makes 5mm seal width. Equipped with a single or double selector switch. User has the choice of using 1 element or 2 elements. This feature extends the life of the sealer and at the same time increases its versatility. By foot control, the hands feed the machine to be excellent seal.

Model	Voltage	Max. sealing	Dimension	Weight
FS-300T	110V/220V	300 *5mm	38*37*90cm	20 KGS
FS-450T		450*5mm	53*37*90cm	22 KGS
FS-600T		600*5mm	68*37*90cm	25 KGS
FS-750T		750*5mm	83*37*90cm	28 KGS

### Foot Type Impulse Sealer With Cutter

Description: Foot Sealers with Cutter comes with a steel plate. is ideal for sealing large heavy bags. By a foot control, the hands feed the machine to be excellent seal. Its distance of bag edge: 40mm

Model	Voltage	Max. sealing	Dimension	Weight
FS-300C	110V/220V	300*2.7/5mm	39*34*88cm	17 KGS
FS-450C		450*2.7/5mm	54*34*88cm	19 KGS
FS-600C		600*2.7/5mm	69*34*88cm	22 KGS

### Foot Type Impulse Sealer

Description: made new foot type sealer. Ideal for Incompact package sealing. (such as inner tea bags) Can be feed from back or front.

Model	Voltage	Max. sealing	Dimension	Weight
FS-300B	110V/220V	300 *2.7/5mm	44.5*34*92cm	24 KGS
FS-450B		450 *2.7/5mm	59.5*34*92cm	27 KGS
FS-600B		600 *2.7/5mm	74.5*34*92cm	31 KGS

### Foot Type Impulse Sealer with Cutter

Description: made new type foot sealer. Can operation from the back or front. Comes with a sliding cutter.From the back or front to feed the object by 2 hands and press its pedal. After finish sealing and cooling, hold the Cutter to cut the bag. Can be installed Film Roller. Suitable: black tea packing, tissue...

Model	Voltage	Max. sealing	Dimension	Weight
FS-300BC	110V/220V	300 *2.7/5mm	44.5*34*92cm	25 KGS
FS-450BC		450 *2.7/5mm	59.5*34*92cm	28 KGS
FS-600BC		600 *2.7/5mm	74.5*34*92cm	32 KGS

### Foot Type Impulse Sealer

Description: Foot Type Impulse Sealer. Comes with 2 parallel heating element. Can be flat & round element, or 2 flat elements through 2 Timers & 2 Transformers control.Ideal for diaper, toilet paper packing.

Model	Voltage	Max. sealing	Dimension	Weight
FS-300BT	110V/220V	300 *2.7/5mm300 *0.8mm	41.5*37*91cm	28 KGS
FS-450BT		450 *2.7/5mm450 *0.8mm	56.5*37*91cm	30 KGS
FS-600BT		600 *2.7/5mm600 *0.8mm	71.5*47*91cm	35 KGS

## Type Impulse Sealer with Cutter & Film roller-2

Description: made new type foot sealer. Can operation from the back or front. Comes with a sliding cutter. From the back or front to feed the object by 2 hands and presses its pedal. After finish sealing and cooling, hold the Cutter to cut the bag. Can be installed Film Roller. Suitable: black tea packing, tissue...

Model	Voltage	Max. sealing	Dimension	Weight
FS-300RBC	110V/220V	300 *2.7/5mm	44.5*34*92cm	33 KGS
FS-450RBC		450 *2.7/5mm	59.5*34*92cm	36 KGS
FS-600RBC		600 *2.7/5mm	74.5*34*92cm	40 KGS

## Side Food Sealer

Description: Wu-Hsing made side feed sealer is especial for rolled material or the convenience of sealing without an obstruction. It ideal for sealing irregular packages.

Model	Voltage	Max. sealing	Dimension	Weight
FS-280S	110V/220V	300 *2.7/5mm	63*34*90cm	20 KGS

## Adjustable Platform Impulse Sealer

Description: foot sealer with a metal construction, is ideal for sealing large heavy bags. By a foot control, the hands feed the machine to be excellent seal. It offers an adjustable Platform depends on the weight of your products. Excellent for rice packing or different heavier weight packing. (3kgs, 5kgs, 10kgs...)

Model	Voltage	Max. sealing	Dimension	Weight
FS-300AD	110V/220V	300 *5mm	38*34*88cm	20 KGS
FS-450AD		450*5mm	53*34*88cm	23 KGS
FS-600AD		600*5mm	68*34*88cm	26 KGS
FS-750AD		750*5mm	83*34*88cm	30 KGS

## Foot Type Constant Heat Sealer

Description: Constant Heat Sealer comes with a alum. casting, are excellent for sealing polycello, humidity-proof cellophane, polyethylene, aluminum foil coated, and gussett material. Sealers are ideal for having a beautiful mesh and lines seal.

Model	Voltage	Max. sealing	Dimension	Weight
FS-220D	110V/220V	220 *15mm	33*34*90cm	13 KGS
FS-250D		250*15mm	32*34*90cm	13.5KG
FS-300D		300*15mm	32*34*90cm	14 KGS
FS-450D		450*15mm	48*34*90cm	15 KGS

## Vertical Sealing Impulse Sealer

Description:.. made Vertical sealer is made in metal construction. Ideal for sealing liquid & powder packing. With an adjustable & larger Working Table. Excellent for pouch bags. Single sealing is for PE, PP... plastic material. Double-sided sealing makes 5mm sealing width. And suitable for Alum. Foil. KOP material.

Model	Voltage	Max. sealing	Dimension	Weight	Type
VS-300N	110V/220V	300 *2.7/5mm	625*340*1311	26 KGS	Single sealing
VS-450N		450*2.7/5mm	625*340*1311	28 KGS	
VS-300T		300*5mm *2	625*340*1311	30 KGS	Single/double sealing
VS-450T		450*5mm *2	625*340*1311	32 KGS	

## Vertical Sealing For Pouch Bags

Description: made WV is for vertical sealing. Ideal for Powder & liquid packing & pouch bag sealing. sealing width: 10/15mm. It needs warm up for 10 minutes and keeps its temperature.

Model	Voltage	Max. sealing	Dimension	Weight
VS-220D	110V/220V	220 *15mm	625*340*1311	23 KGS
VS-250D		250*15mm	625*340*1311	23.5KG
VS-300D		300*15mm	625*340*1311	24 KGS
VS-450D		450*15mm	625*340*1311	26 KGS

## Round Type Impulse Sealer

Description: This sealer is especially for arc sealing for matching Shrink Tunnel. It makes 0.32 mm of seal width can cut off excess edge of shrink wrap films. Half-circle. It can be used for making dome bags.This machine is the smallest size

Model	Voltage	Max. sealing	Dimension	Weight
FS-80R	110V/220V	8mm	34*34*90cm	18 KGS

## Round Type Constant Heat Sealer

Description: This sealer is especially for arc sealing for matching Shrink Tunnel. It makes 0.32 mm of seal width can cut off excess edge of shrink wrap films. Half-circle. It can be used for making dome bags.

Model	Voltage	Max. sealing	Dimension	Weight
FS-100RD	110V/220V	110*5mm	34*34*90cm	12 KGS
